"For a book on labor to sell 50,000 copies in two weeks is a phenomenon. *The Labor Spy Racket* by Leo Huberman, author of *We, The People and Man's Worldly Goods* made this grade . . . Mr. Huberman's style is excellent . . . he does not write down, and he makes his points neatly and with humor"—*New York Herald Tribune*

"A record more startling and sensational than any melodramatic thriller."—*New Republic*

"Hard factual analysis. . . Documented and in exact detail. . . Vitality interesting."—*United Automobile Worker*

"They are the sort of facts that make people revolutionary whether they've ever heard of Marx or not."—*New Statesman and Nation*

That's what the critics said about
